

KSOU-Best Education Project - GOLD Award

Best Education Project - GOLD of the Year 2013

In a glittering function at the Marriott, Jaipur, the Vice Chancellor of Karnataka State Open University picked up the award for the Best Education Project - Gold Award for its Online Programs.

KSOU ICT Enabled Programs got selected for its interesting learning methodology coupled with ease of admission process. The students who were frequent travelers found accessing learning content from the web to be much easier and engaging. Working professionals, housewives, self-employed people, businessmen and even retired people found the program helpful.

The program also brought in inclusiveness in the higher education space in the state. The students from smaller and remote parts of the state could also take admission into these high quality courses of the university. The access of the content through the smart phones gave a new meaning to online learning and took away the single impediment of the availability of the PC and the Internet connection.
